- clear and effective teaching assistance
- Haitian had deep understanding on the material of this class. I especially like his discussion session where he used examples and intuitive explanations to help us understand the abstruse concepts.
- Haitian is a very good teaching assistant. He knows the material he teaches, and his lectures are well prepared and helpful. He's also very attentive answering questions both "live" and by email.
- Haitian often broadens my horizons with statistical implications he presented during the discussion sessions, which help me not just in understanding the material as a student but also in thinking as a researcher.
- Haitian was really knowledgeable and his discussion sections were extremely helpful for understanding the metrics concepts I struggled with.
- Haitian's discussions are an example to other TA's. Well-prepared, nicely ordered and helpful.
- His discussion sessions were really helpful, and I feel grateful since he offered us the recordings all the time. Also, he gave us some additional handouts summarizing the questions and answers we asked in OH, which I found very useful as well.
- The intuition that Haitian provided during discussion sessions was very helpful. He often gave a helpful, alternative perspective than was presented in class.
