

Education

- **Wuhan University (WHU)** 09/2013-06/2017
Bachelor of Economics and Bachelor of Science Cumulative Core GPA: 3.97
Awards: Recipient of 3rd Grade Scholarship and Outstanding Member of Student Union (2014)
 Recipient of 1st Grade Scholarship, Recipient of Samsung Scholarship (2015)
- **Columbia University, New York (Visiting Student)** 09/2016-12/2016
Related Coursework: Statistical Computing and Introduction to Data Science, Applied Statistical Method, Linear Regression Models and Applied Econometrics

Academic Research Experience and Competitions

- *Research Assistant in Economics Dept of Columbia University* 09/2016-
 Helped gather and preprocess health data in a NSF project about the pollution policy of China
- *Staff of Food Safety Early Warning Model Project* 08/2016-
 Built model framework and interpret data for this project under China Food and Drug Administration
- *Co-Authored article, "The Statistical Disposition of Business Credit in the Monetary and Financial System"* 04/2016
 Accepted by the Chinese Market Journal ISSN 1005-6432
- *Second Prize, 22nd Content National College Students Business Case Analysis Competition* 11/2015
 Applied strategic management theory to analyze the case of Coke Cola and App Store
- *Placed National 11th, Citi Financial Innovation and Application Competition* 07/2015-11/2015
 Built models as the theoretical support of the OhMyGold platform of weather risk management and investment
- *Honorable Mention, Interdisciplinary Contest in Modeling* 02/2015
 Led a team to build a feed-forward neural network to model and assess the sustainability of countries' development;
 submitted paper "Scientific Outlook on Development: Comprehensive and Balanced Sustainability"

Professional Experience

- **Alibaba Cloud Computing Co., LTD** Hangzhou, Zhejiang, China
Intern, Big Data Incubator Department 07/2016-08/2016
 Analyzed massive data in the algorithms group, and obtained stage results in a chemical waste project using regression methods with R
- **Hubei Tianmingqihe Internet LTD (Registration Number: 91420100MA4KMC3M45)** Wuhan, Hubei, China
Co-Founder, Executive Director, General Manager 04/2016-
 - First inventor of two invention patents (still in application) regarding weather forecasts with time series approach and weather risk analysis with statistical methods; currently a National Entrepreneurship Training Project and received awards from Internet Plus Innovation Contest
 - Acquired knowledge of web hosting, web development, database deployment and some basics of html/css
- **Shanxi Investment Group Energy Co., LTD** Taiyuan, Shanxi, China
Intern, Project Department 08/2014
 Focused on the preparation and investigation of a project about merging a power plant, field visit with the board

Social Practice

- *Volunteer in 2015 International Graduate Scholarship Fair* 10/2015
- *WHU Summer Quality Investigation (Investigator)* 08/2014
 Investigated over 30 people in different jobs, work has been gathered into the 2014 LuoJia Quality Index
- *"Dream in Pudong" Social Practice in Shanghai Free Trade Zone (Team Leader)* 07/2014
 Organized team work including investigation, interviews, visits and questionnaire

Technical Skills and Certification

- Computer Skills: Proficiency in R, MATLAB, SAS and LATEX; Basic knowledge of Python, SQL and STATA
- Securities Practitioner Qualification Certificate of China (Passed two exams)
